## Important information about your account

### Protect your PIN and passwords

Never share your PIN with anyone - including your bank, family or friends  
Cover the key pad when entering your PIN in public

### Here are four ways to protect yourself and the people you love against phone scams:

- a) Don't pick up if you don't recognize the phone number. If it's really someone you know on the other end of the line, they'll leave a message or send a text explaining the nature of their call.
- b) Never give away personal information to someone you don't know. Even if they seem helpful or trustworthy or claim to be from a trusted company or agency. Hang up if they request personal details from you.
- c) Beware of grandchild impersonation. If anyone calls claiming to be your grandchild especially if they're asking you for money, a credit card or a gift card to help with an emergency don't fall for it. Hang up and call your family directly.
- d) Don't buy gift cards as a form of payment. A common phone scam is for a caller to buy gift cards in exchange for a cheque or other payment of a higher amount. Legitimate companies will never ask you to settle a debt or pay a bill by purchasing gift cards.
